All competitors will go straight onto the jump-off without stopping. All team and individual members will go forward to the second part of the second round (jump-off) unless eliminated. The first-round score and the second-round score will be combined to gain the total score. The jump-off section will only be used where there are ties for equality. The second round will be scored as two parts, so for example a rider who goes clear in the first part, then accrues four faults in the second part (jump-off) will be placed above a rider who accrued four faults in the first part, regardless of times or faults recorded in the second part of the round
